

Racing buoys (marks) layout

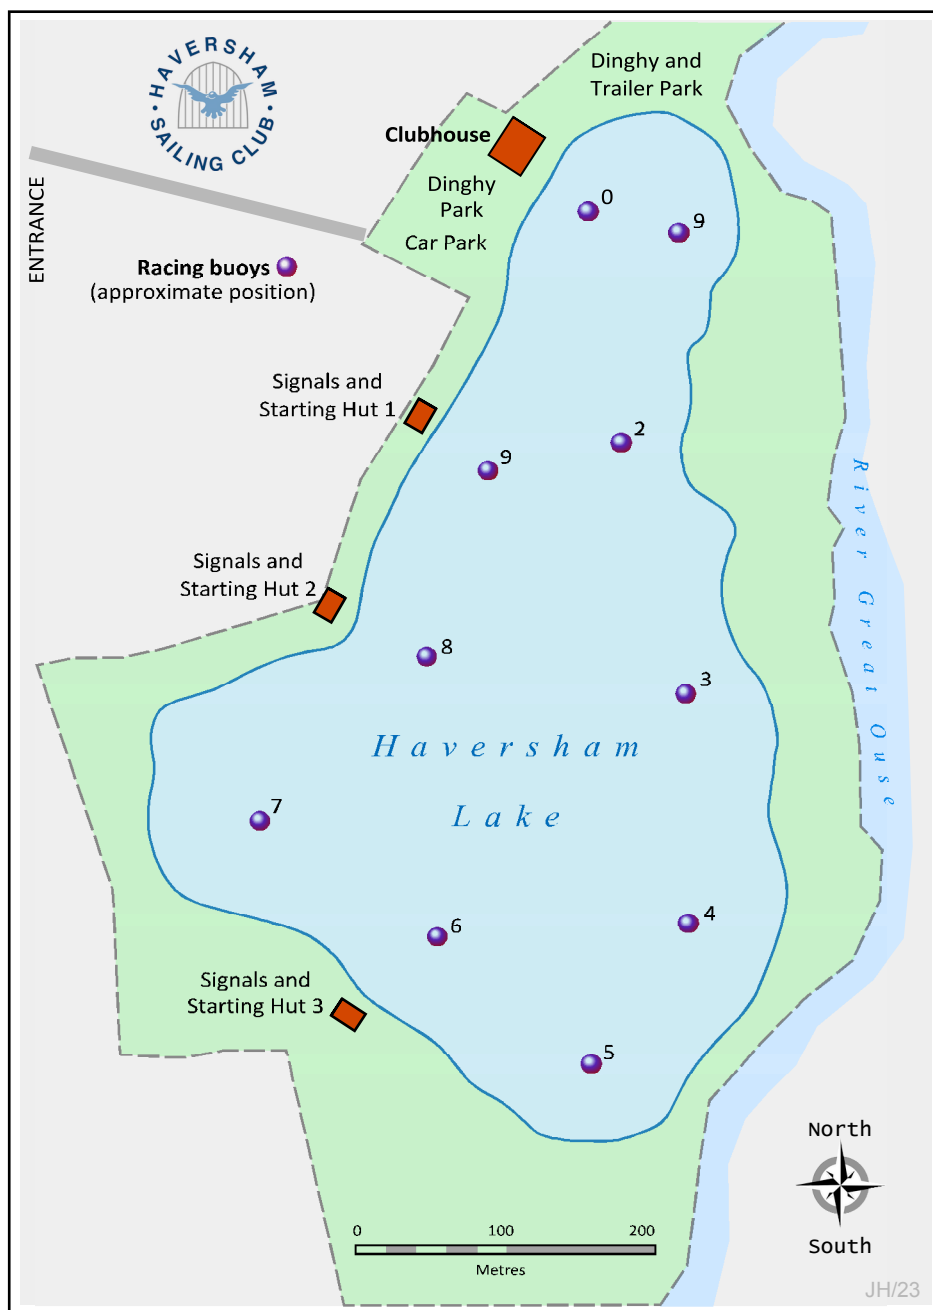

Revised in March 2022.

Mark 0 has been added to the lake and is in place where mark 1 used to be.

Marks 1 through to 4 have been moved around the lake and marks 5 onwards remain in their place.

This will allow an extra mark along the eastern bank of the lake and should reduce the need for the Race Officer to move marks to be able to set the course they need.

A new course guide with updated advice and instructions for the Race Officers is underway. In the meantime, the previous courses have been updated below for you to use from the previous RO guide.
