WAYFARER	1109

See notes below on adjusted club handicaps

Two handed boats sailed singlehanded will have the following handicap:

$$\text{Handicap} = \text{PY} - \text{PY}/63$$

It is recognised that high-performance two-handed boats with conventional or asymmetric spinnakers cannot sail to their potential on HSC lake. They will have the following adjusted handicaps:

PY less than 960 – club handicap = +40

PY 960 – 1020 – club handicap = +30

PY 1021 – 1108 (currently 1 less than Wayfarer) – club handicap = +20
